

Patrick Howe Oil Painting Class Supplies

In my classes you can use your own painting supplies or purchase my recommended supplies.

NOTICE: Order Supplies Early! Because of the pandemic, and supply chain issues, some items may be difficult to find, or arrive late.

Where To Buy

Any art supply store, or online. I purchase my art supplies from Artist and Craftsman Supply, 4350 8th Ave NE, Seattle, WA 98105. Because they have a full selection and I live close.

In most art supply stores, if you mention you are my student, they will give you a 10% discount.

There are 2 supplies options to select from

The **Artist Version** and the **Student Version**. I recommend the Artist Version. It is more expensive but there is more pigment in the tubes. But if you are on a budget then the Student Version (1980 Series) will get you by.

Items most frequently forgotten by students:
